Date: 2025-02-01 15:08:18

Prediction: Dyslexia Predicted

Attendance: 3

Confidence: 4

Participation: 4

Health Issues: No

Distraction: Sometimes

Pronunciation Issues: Sometimes

Reading Fluency: 1

Writing Legibility: 1

Math Struggles: No

Memory Issues: Always

### Recommended Solutions:

- Encourage phonics-based reading programs.
- Provide additional time for reading and writing tasks.
- Use multi-sensory teaching techniques (visual, auditory, kinesthetic).
- Provide structured routines and a distraction-free environment.
- Use assistive technologies like text-to-speech software.
- Encourage confidence-building activities and positive reinforcement.
