Prediction: Dyslexia Predicted

Attendance: 3

Confidence: 4

Participation: 4

Health Issues: No

Distraction: Sometimes

Pronunciation Issues: Sometimes

Reading Fluency: 1

Writing Legibility: 1

Math Struggles: No

Memory Issues: Always

Symptoms most influencing the prediction:

    - Confidence: Deviation 4

    - Participation: Deviation 4

    - Attendance: Deviation 3

    - Distraction: Deviation 1

    - Pronunciation Issues: Deviation 1

Recommended Solutions:

    - Encourage phonics-based reading programs.

    - Provide additional time for reading and writing tasks.

    - Use multi-sensory teaching techniques (visual, auditory, kinesthetic).

    - Provide structured routines and a distraction-free environment.

    - Use assistive technologies like text-to-speech software.

    - Encourage confidence-building activities and positive reinforcement.
